

10.

Qatar Biobank, a member of Qatar Foundation (QF), reached out to the QF community during Qatar National Sport Day via health checkups at a booth located at QF Recreation Center. Participants completed detailed questionnaires about their health and lifestyle, as well as having a series of measurements taken, such as height, weight, blood pressure, body composition, heart and lung function, and an eye test. Through its collection of samples and information on health and lifestyle from large numbers of members of the population of Qatar, Qatar Biobank will make vital health research possible for researchers in Qatar, the region and the world.

A visitor gets advice during Qatar National Sport Day.
